

# ДВУХТРУБНЫЙ ПАРОХОД

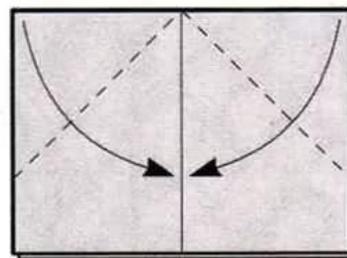

# ЛОДКА

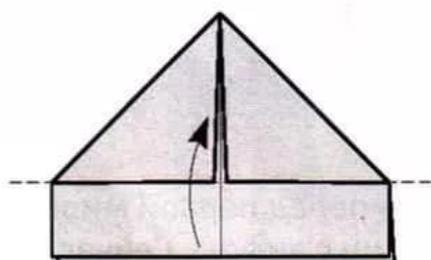

1. Складываем лист А4 пополам.

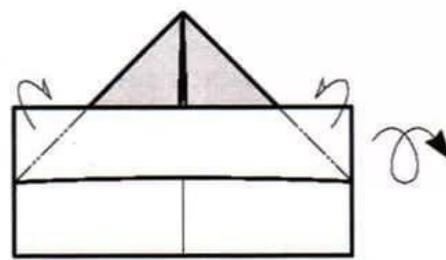

2. Складываем еще раз пополам.

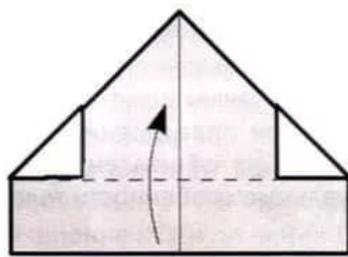

3. Верхние углы складываем к середине.

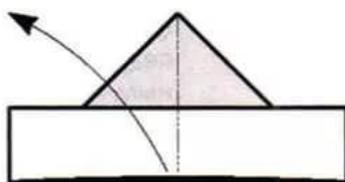

4. Нижний клапан складываем вверх.

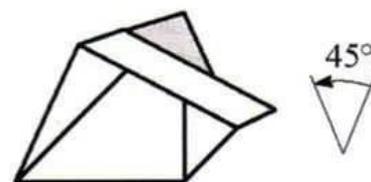

5. Уголки загибаем.

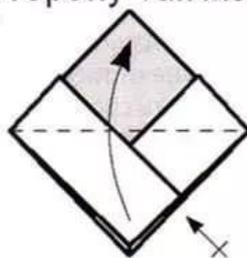

6. Переворачиваем, и складываем другую сторону так же.

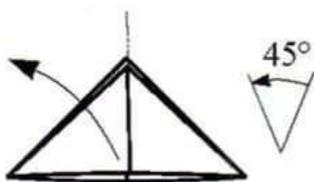

7. Раскрываем, как пилотку.

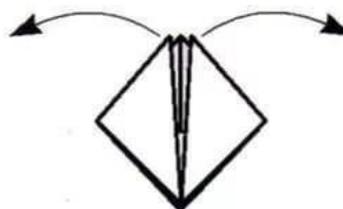

8. И складываем по центральному сгибам.

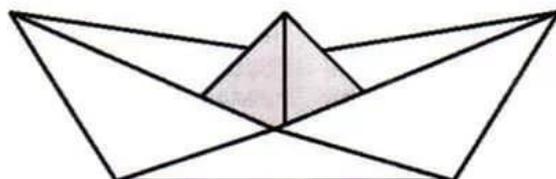

9. Складываем в треугольник: нижний уголок поднимаем вверх.

10. Снова раскрываем так же, как было показано в шагах 7 и 8.

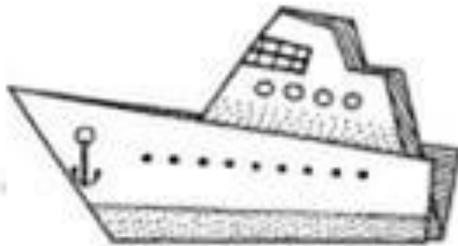

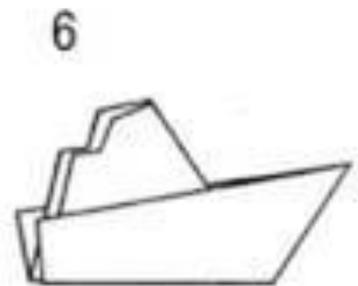

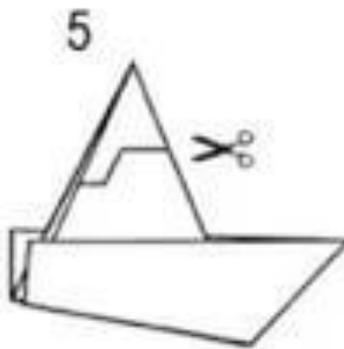

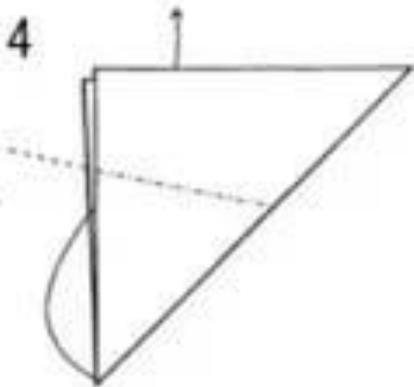

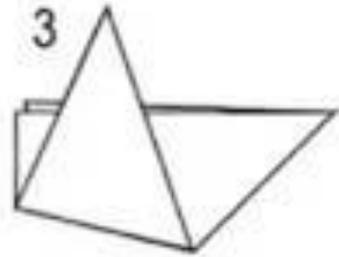

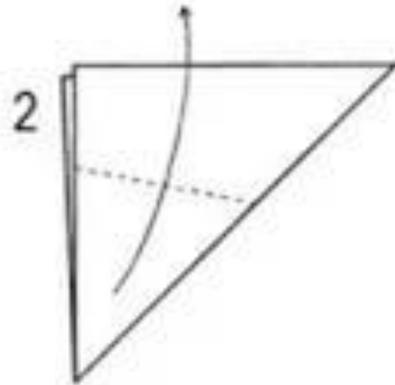

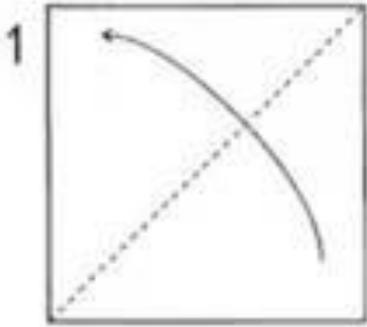

11. Возьмемся за верхние уголки и растянем их в разные стороны.

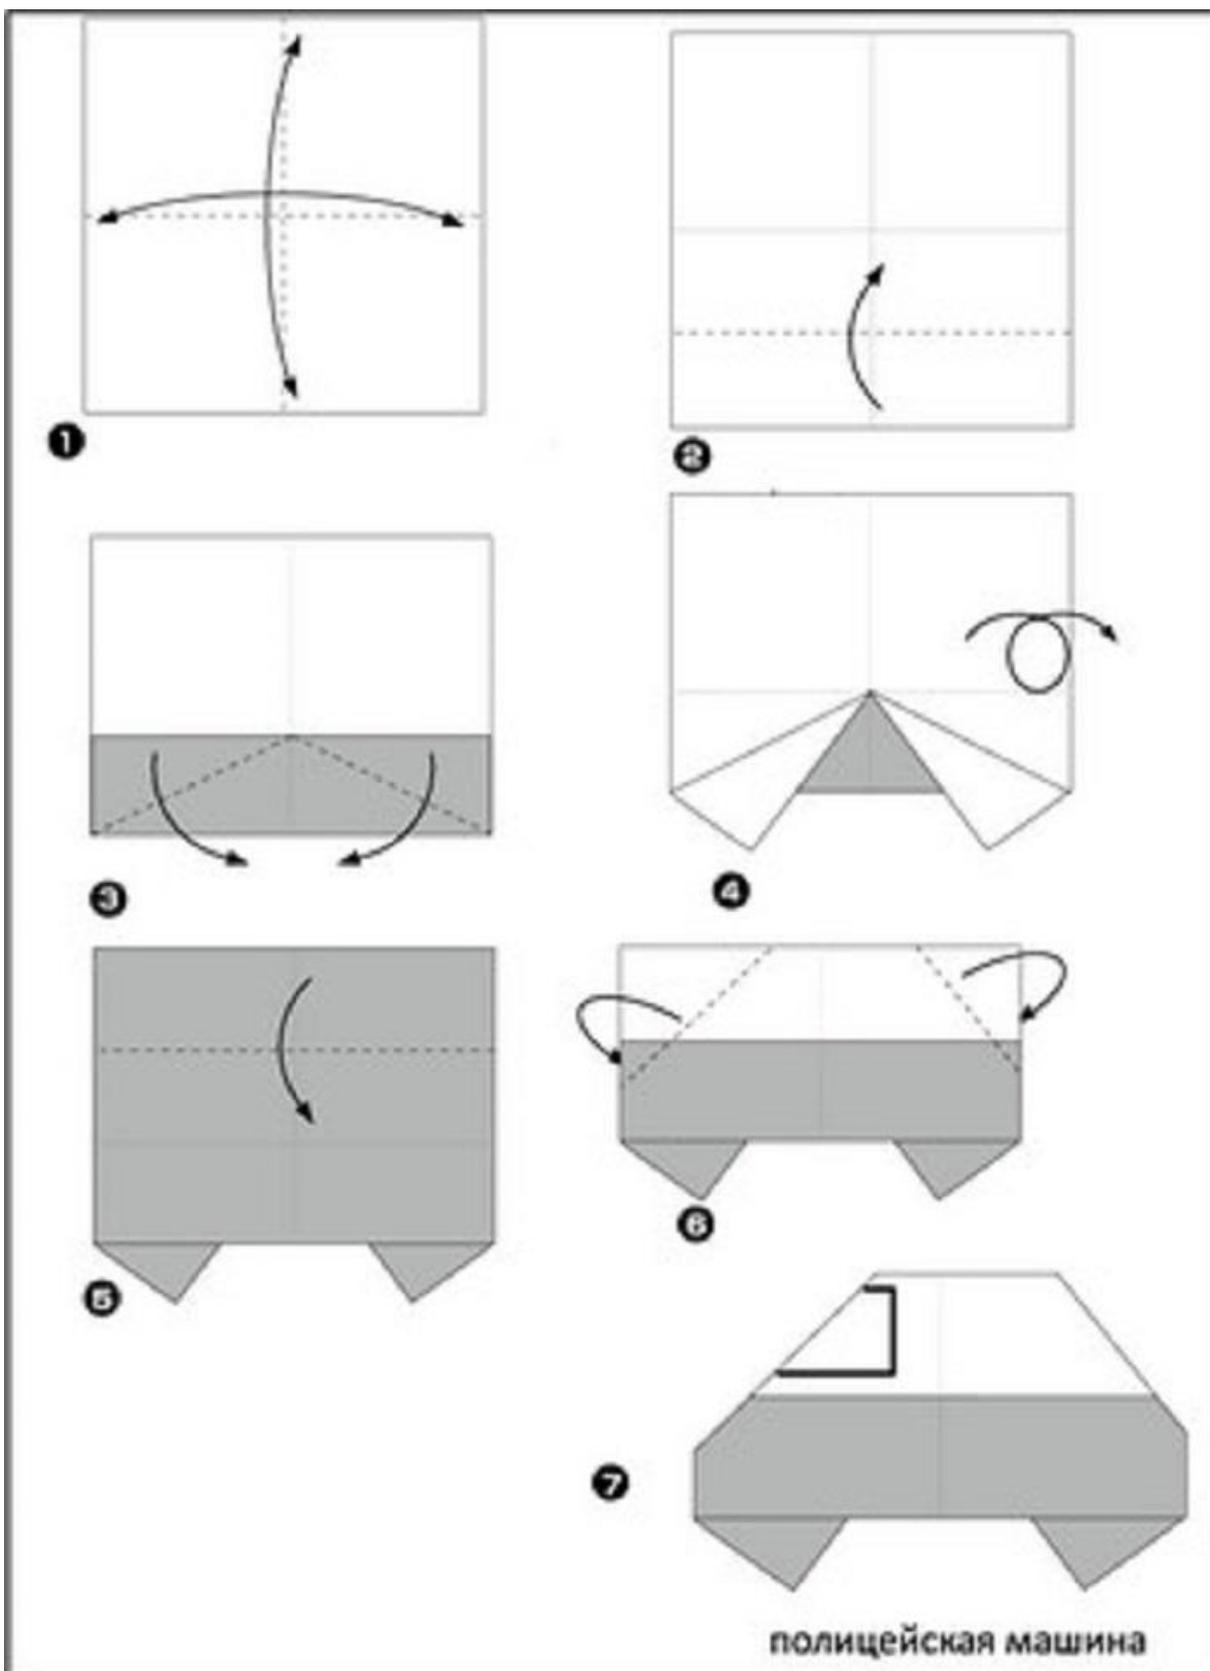

12. Получилась лодочка!
